

2012 ICD-10

IMPLEMENTATION BOOT CAMPS

If you haven't started preparing for ICD-10, you are falling behind. Our two-day Implementation Boot Camp can get you back on track. We'll cover:

- Provider impact assessments
- Software and systems updates
- Budgeting and training considerations
- ICD-10 mapping
- Differences between ICD-9-CM and ICD-10-CM
- Importance of clinical documentation
- Performing documentation readiness assessments

NOTE: Boot camp space for 2012 will be very limited as we wrap up implementation training and move on to code set training in late 2012.
